ORGANIC BODY CARE WITH OLIVE TREE EXTRACTS FROM PROVENCE 2010

The power of the Olive Tree for dull and dehydrated skin

The range offers all the benefits that are provided by the olive tree – from its fruits to its leaves.

1/ Olive tree leaves, Proven Long-lasting Moisturisation

The olive tree leaves have an amazing ability to regulate water. L'OCCITANE has proven the moisturising benefits of the leaf extract for the skin: **after 8 hours, 81% increase of hydration.**

2/ The olive, A fruit that offers 2 precious extracts

- Olive oil with nourishing and softening properties
- Olive water to protect and enhance radiance

FOR SKIN THAT IS CONTINUALLY MOISTURISED
AND GLOWING WITH HEALTH

An organic range from Provence

-L'OCCITANE uses **3 organic extracts from Provence**. We supply our olive oil from the "Moulin du Lubéron" located in Volx, which is ECOCERT certified & Haute-Provence AOC controlled-origin.

-**Formulas have been certified organic by Ecocert**, an independent regulatory and certification body, that guarantees formulas containing at least 95% ingredients of natural origin and 10% organically farmed ingredients, no artificial colourings or fragrances, non-polluting production methods.

-Constantly looking to take an even more natural approach, L'Occitane has worked to offer the most natural formulas possible : **the new range guarantees a minimum of 20% organic ingredients.**
