L'OCCITANE

OUR TREATMENTS

“In its Spas, L’OCCITANE is all about the Provence that we love,
a land full of mystery where beauty is endlessly reinvented.”

Olivier Baussan

Founder of L’OCCITANE

Close your eyes, you are in Provence.

Every gesture, every ingredient, every ritual is drawn from a page of the L’OCCITANE grand herbarium, a resource of hundreds of essential oils and natural ingredients. The escape begins with scent. From the moment you enter a Spa L’OCCITANE, the fragrances transport you to Provence. Prior to your treatment, you are greeted with a “Welcome Ritual”, a footbath performed with our soothing formula. Your experience then takes you on a true olfactory journey, sequenced at every step by comforting or energizing aromas. The voyage of the senses continues through gestures, sensorial textures, relaxing music and the herbal teas inspired by Provençal traditions.

The Spa is a natural extension of our brand. In respect for authenticity, we always prefer hand-performed treatments over machines and traditional massage techniques over technologies.

Just as Provence is the land of beauty, Spa L’OCCITANE is a sanctuary of tranquility to refresh your senses and retrieve peacefulness and inner balance.
